## Objective

To obtain a job in broadcasting, mainly in the sports industry

## Education

### Colorado Media School

November 2016- Present

I'm learning skills of production, editing, and on air practices through the program at The Colorado Media School. I'm planning on graduating July 2017 and be fully prepared to enter the world of media and entertainment.

### Metro State University of Denver

May 2007 – May 2016

My bachelor's degree is in English with a emphasis in writing and literature. I learned how to utilize technical and creative writing skills, including formal essays and script writing. This gives me the flexibility to create content easily and build a strong foundation and format for a show.

## Skills

Functional with adobe software (Audition, Photoshop, Premiere, etc.), social media active (Facebook, Twitter, Instagram, Tumblr etc.) Avid researcher, character voices and dialect studies, script and song writing/editing, guitar bass and piano literate

## Experience
